

Ogle County G.I.S. Partnership

“Improved Mapping for Informed Decisions”

Oregon, Illinois 61061

Ogle County GIS Partnership Meeting

9 September 2008 1:00 pm Ogle County Highway Dept

A sign in sheet indicated the following representatives present:

Sara Suneson - RMU

Curtis Cook – Ogle County Highway

Jim Harrison – Ogle County Assessor

Kris Gilbert – Ogle County GIS Partnership, GIS Specialist

Larry Callant – Ogle County GIS Partnership, GIS Coordinator

Meeting called to order @1:00 pm.

- **Meeting Minutes:**

Quorum Not Present

- **New Membership/New Subscribers:**

No New Members

• **Project Status:**

- 1) 2008 Aerials
We have received the bill for control points locating and painting.
We were given fuel cost at current prices for comparison purposes.
The spring flight would have been at \$ 4.00/gal; current price is \$ 5.85 to \$ 6.65.
- 2) Beacon Website
We have new enhancements to the website. Lot and parcel dimension are now being displayed. You can now hover over a parcel and an information balloon will appear.
- 3) House Number Booklet
We are developing a house number booklet for the county. The municipalities will be developed later. An early 2009 release is expected.
- 4) Community Projects.
We did a GPS location of the fire hydrants in Stillman Valley.
- 5) Parcel Booklet
Development of a Parcel Plat booklet is underway. Currently the index grid for the booklet is being constructed. We have had requests for large scale plots of parcels similar to the printouts in the assessor's office. Our plats would be up to date.
- 6) A GPS Base station
The base station will be certified by NOAA for accuracy. The base station will create correctional files that are needed for GPS projects. Stations that are available for county projects are too far away or out of service. We would charge a subscription to non-GIS members.

Respectfully Submitted,
Larry Callant GIS Coordinator
