*"IMPROVED MAPPING FOR INFORMED DECISIONS"*

---

## **Ogle County GIS Partnership Meeting**

Thursday, June 3rd, 2010  
Engineering & Inspection Service Conference Room  
417 North 6th Street  
Rochelle, IL 61068

A sign in sheet indicated the following representatives present:

Mike Reibel – Ogle County Zoning  
Curtis Cook – Ogle County Highway  
Larry Callant – Ogle County GIS Partnership, GIS Coordinator  
Kris Gilbert – Ogle County GIS Partnership, GIS Specialist  
Bonnie Russell – RMU  
Justin Heaslip – RMU  
Curt Ward – City of Rochelle / Village of Creston

**Meeting called to order @1:00 pm.**

**• New Membership/New Subscribers:**

Ogle-Lee Fire Protection District

**• Project Status:**

- 1) 2009 Aerials  
Final payment made. Project complete.
- 2) Sign Program  
An intern for the Highway Department is collecting gps locations and condition of signs on all of the County maintained roads. The Eastern half is complete. This will be joined with an inventory database to provide a comprehensive listing of all signs on County roads and the maintenance performed. This moves us toward compliance with the upcoming street sign standards.

The City of Byron has requested to have their signs catalogued next.

- 3) The Bike Path projects and the Byron Marina project are still progressing. There hasn't been much activity in the past month, though.

- 4) Mitigation Plan  
Maps have been provided to the consultants for this project. So far, we have provided tornado touchdown and path locations as well as critical facilities, flood plains, buildings in the flood plains, and critical infrastructure.
- 5) Collaboration  
Lee County E911 has given us a list of their fire/ambulance/police boundaries along with addresses for our use. Five of our Fire Districts run into Lee County. Having the data to give to our Districts will help them perform their duties more quickly and efficiently.
- 6) GPS Projects  
Continuing to work with Forreston and Stillman Valley on their utility projects.

Kris Gilbert  
GIS Specialist
