"IMPROVED MAPPING FOR INFORMED DECISIONS"

Ogle County GIS Partnership Meeting

Thursday, March 4th, 2010
Byron City Hall
Council Chambers
232 W. Second Street
Byron, IL 61010

A sign in sheet indicated the following representatives present:

Jim Harrison – Ogle County Assessments
Mike Reibel – Ogle County Zoning
Larry Callant – Ogle County GIS Partnership, GIS Coordinator
Kris Gilbert – Ogle County GIS Partnership, GIS Specialist
Sara Suneson – RMU
Larry Hewitt – City of Byron
Susie Corbitt – City of Polo
Meggon McKinley – Ogle County Administrator
Lyle Hopkins – Ogle County Board
Curt Ward – City of Rochelle / Village of Creston

Meeting called to order @1:00 pm.

• New Membership/New Subscribers:

Monroe Township Fire Protection District

• Project Status:

- 1) 2009 Aerials
The 2009 aerial project has been completed. All items specified in the contract have been delivered. The aerials look great.
- 2) LiDAR (2' Contour Data)
We have received the lidar data from the Illinois Dept of Transportation. Currently we are creating the breaklines for the Rochelle project area. Upon completion we will finish the breaklines for the entire county. This will allow us to create the contours for the rest of the county.

3) Beacon Website

The website now has the new 2009 aerials for use. The website is now at a break even point. It is now paying for itself.

4) GPS Projects.

Last year we worked on utility location projects for Forreston, Mount Morris, and Polo. Stillman Valley and Forreston are possible GPS projects

Planning recreation paths with Ogle County Park Districts.

5) New Projects

Integration of GIS maps with Highway sign maintenance is in process. The development of a database to use in the field for accurate and up-to-date installation and inspection should be available for testing in April.

Larry Callant
GIS Coordinator
