• New Membership/New Subscribers:

We have a new one year subscriber to the Beacon Website.

• Project Status:

- 1) The 2ft contours have been generated. We are now verifying the information.
- 2) We have only 600,000 hits on Beacon Website' down from 1,000,000 from last year.
We believe this is a reflection of the housing market..
- 3) GIS Mapping Website
Currently we have created a gis website on the ESRI MyMap server for the Village of Hillcrest. Presently they can access and update their water shut-off value information.

4) GPS Projects.

We have located markers for the Oregon School District for their Cross-Country Course and both of the football fields

- **New Business**
